3. PRODUCT DESCRIPTION:

Safe n Easy Architectural Cleaner/Restorer is a light duty cleaning product that can be used to clean and restore a wide variety of surfaces safely and effectively. Architectural Cleaner contains surfactants for emulsification and lowering surface tension, sequestering agents that help prevent redeposition of any emulsified or suspended contaminants and optical brightening agent that makes whites whiter and colors brighter and other high powered ingredients. This product is 100% biodegradable and is effective over a wide dilution range. It works equally well with hot or cold water. It does not contain any harsh solvents, phosphates, caustics or acids. This product can be used without harm to stone, brick, masonry, ceramic, porcelain, fiberglass, formica, pastics, marble, tile, linoleum, VAT tile, appliances and any other surface that is not effected by water itself.

4. TECHNICAL DATE:

Appearance: Green liquid

Odor: Slight citrus

Flash Point: None

pH: 10.0- 10.5

lbs/gallon: 8.5-8.8

5. GENERAL APPLICATION:

After determining solution strength, apply Architectural Cleaner/Restorer by generously brushing or spraying onto a dry surface from the bottom up. Let stand for 5-15 minutes, depending on surface and contaminates, agitate and then rinse thoroughly. There is no need to mask off any surface or to collect waste water rinse. This product will not damage grass or shrubs

TEST AREA:

It is often impossible to know all of the conditions of the surface before cleaning. Before a project is started it is important that a small test area be done typical of the surface to be cleaned.

HEALTH AND SAFETY:

For specific information please refer to the Material Safety Data Sheet. This product is not flammable, corrosive or caustic.

6. AVAILABILITY AND COST: All Dumond products are available through a network of product distributors and paint stores. Call Dumond Chemicals in New York (212) 869-6350 for the nearest distributor. Cost will depend upon substrate and conditions to be cleaned. This product has an average coverage of between 150/200 sq. feet per gallon.

7. WARRANTY: Dumond Chemicals warrants all of its products to be free from defects, and makes no other warranties with respect to its products, express or implied, including without limitation the implied warranties of MERCHANTABILITY OF FITNESS FOR PARTICULAR PURPOSE. Dumond Chemicals Inc. liability shall be limited in all events to supplying sufficient products to re-treat the specific areas to which defective product has been applied. Dumond Chemicals shall have no other liability, including liability for incidental, consequential or resultant damages whether due to breach of warranty or negligence. This warranty may not be modified or extended by representative of Dumond Chemicals or its distributors and desires.

8. MAINTENANCE: No special service of the treated area is required following the cleaning process. No maintenance is required for the Dumond Products.

9. TECHNICAL SERVICES: Dumond Chemicals employs a complete staff of customer service representatives for response to any questions from end users and contractors. We also employ a staff of trained sales and field customer service personnel for on site testing and application assistance. Please call our New York office for any assistance required.
