

## Watch Dog: CPU Graffiti Remover

1. **Product Description & Use:** Dumond CPU Graffiti Remover is specially formulated to effectively and easily remove the most difficult graffiti from Watch Dog Graffiti Barrier Coatings without damaging the barrier coating, when used as directed. Dumond's CPU Graffiti Remover does not contain any NMP, aromatic or chlorinated solvents or caustics. This product is environmentally friendly, 100% biodegradable, and poses no risks to users.
2. **General Application:** 1. Spray directly on the graffiti and allow to stand for between 1 to 2 minutes. 2. Wipe surface with a cloth to remove graffiti. In most cases, graffiti will begin to dissolve immediately. 3. Re-apply if necessary.
3. **Test Area:** Always test each type of surface to determine compatibility and satisfactory results before general use.
4. **Health & Safety:** For specific information please refer to the Material Safety Data Sheet. This product is not flammable, corrosive or caustic. Applicator should wear impervious gloves, apron and footwear and safety goggles.
5. **Availability & Cost:** All Dumond products are available through a network of product distributors and paint stores. Call Dumond Chemicals in New Jersey at (609) 655-7700 for the nearest distributor.
6. **Warranty:** Dumond Chemicals warrants all of its products to be free from defects, and makes no other warranties with respect to its products, express or implied, including without limitation the implied warranties of MERCHANTABILITY OF FITNESS FOR PARTICULAR PURPOSE. Dumond Chemicals Inc. liability shall be limited in all events to supplying sufficient products to re-treat the specific areas to which defective product has been applied. Dumond Chemicals shall have no other liability, including liability for incidental, consequential or resultant damages whether due to breach of warranty or

negligence. This warranty may not be modified or extended by representative of Dumond Chemicals or its distributors and desires.

7. **Maintenance:** No special service of the treated area is required following the cleaning process. No maintenance is required for the Dumond Products.
8. **Technical Services:** Dumond Chemicals employs a complete staff of customer service representatives for response to any questions from end users and contractors. We also employ a staff of trained sales and field customer service personnel for on site testing and application assistance. Please call our New Jersey office for any assistance required.
