

## Safe 'n Easy : Limestone Cleaner

- Product Description & Use:** Safe 'n Easy Limestone Cleaner is a heavy duty cleaner/restorer and can be used on a wide variety of stone surfaces safely and effectively. This product is most effective on limestone, marble and travertine, removing accumulated surface contaminants, mineral deposits and atmospheric stains. It can be used both for interior and exterior applications. This product does NOT contain any harsh solvents, phosphates, caustics or acid. It has a very fast application and wash down time frame of between 5-15 minutes.
- Test Patch:** It is often impossible to know all of the conditions of the surface before cleaning. Before a project is started it is important that a small test area be done typical of the surface to be cleaned.
- Application & Spread Rate:** Safe 'n Easy Limestone Cleaner should be generously brushed or sprayed onto a dry surface being cleaned from the bottom up. Saturate surface to completely "wet out" for optimum cleaning of the surface. Let solution stand for approximately 5-15 minutes, depending on surface and contaminants, agitate and then rinse thoroughly. There is no need to mask off glass or metal surfaces and since the water is pH neutral no need for collection of the waste water. This product will not damage or kill shrubs or grass.
- Availability & Cost:** All Dumond products are available through a network of product distributors and paint stores. Call Dumond Chemicals in New Jersey at (609) 655-7700 for the nearest distributor. Cost will depend upon substrate and conditions to be cleaned. This product has an average coverage of between 150/200 sq. feet per gallon.
- Health & Safety Requirements:** For specific information please refer to the Material Safety Data Sheet. This product is not flammable, corrosive or caustic.
- Warranty:** Dumond Chemicals, Inc. warrants all of its products to be free from defects, and makes no other warranties with respect to its products, express or implied, including without limitation the implied warranties of MERCHANTABILITY OF FITNESS FOR PARTICULAR PURPOSE. Dumond Chemicals, Inc. liability shall be limited in all events to supplying sufficient products to re-treat the specific areas to which defective product have been applied. Dumond Chemicals, Inc. shall have no other liability, including liability for incidental, consequential or resultant damages whether due to breach of warranty or negligence. This warranty may not be modified or extended by representatives of Dumond Chemicals, Inc. or its distributors, and dealers.
