

Safe 'n Easy: Masonry Rust Remover

- Product Description & Use:** Safe 'n Easy Masonry Rust Remover is a slightly acidic heavy duty cleaner/restorer. It will remove a variety of contaminants from natural and man-made stone surfaces. Rust Remover does not contain bleach, abrasives, caustic, muriatic acid or petroleum distillates. It is formulated as a ready to use product and is generally used accordingly, however, it can be diluted for slightly contaminated surfaces. Masonry Rust Remover WILL damage glass and/or discolor glassm aluminum, polished and painted surfaces and colored grout. Keep away from plants and vegetation.
- Test Patch:** It is often impossible to know all of the conditions of the surface before cleaning. Before a project is started it is important that a small test area be done typical of the surface to be cleaned.
- Application & Spread Rate:** Apply Safe 'n Easy Masonry Rust Remover by generously brushing or spraying onto a dry surface from the bottom up. Let stand for 5-15 minutes, depending on surface and contaminate, agitate and then rinse thoroughly.
- Availability & Cost:** All Dumond products are available through a network of product distributors and paint stores. Call Dumond Chemicals in New Jersey at (609) 655-7700 for the nearest distributor. Cost will depend upon substrate and conditions to be cleaned. This product has an average coverage of between 150/200 sq. feet per gallon.
