

Safe 'n Easy: Ultimate Stone & Masonry Cleaner

- Product Description & Use:** Safe 'n Easy Ultimate Stone & Masonry Cleaner is a biodegradable product. It will safely remove a variety of contaminants from natural and man-made stone surfaces. Ultimate Stone & Masonry Cleaner does not contain any bleach, abrasive, caustic, muriatic or hydrofluoric acids or petroleum distillates. It is formulated as a ready to use gel product and is generally used accordingly.
- Test Patch:** It is often impossible to know all of the conditions of the surface before cleaning. Before a project is started it is important that a small test area be done typical of the surface to be cleaned. Although Ultimate Stone & Masonry Cleaner is formulated to clean without etching glass, the user shall determine the suitability for the product for its intended use(s) and user assumes all risk and liability whatsoever in connection therein. Keep away from plants and vegetation.
- Preparation:** Ultimate Stone & Masonry Cleaner can be used to clean and restore stone, brick, masonry, unglazed ceramic, travertine, marble (unpolished and unglazed), granite, limestone, stucco, terrazzo, terra cotta and other similar type surfaces. It will remove stains, rust, chalking, efflorescence, atmospheric stains and dirt without etching, pitting or damaging the surface or grout.
- Application & Spread Rate:** Use Ultimate Stone & Masonry Cleaner at full strength. Do not dilute. Apply solution from the bottom up. Let solution stand for approximately 20-30 minutes depending on surface and contaminants, agitate and rinse thoroughly.
- Availability & Cost:** All Dumond products are available through a network of product distributors and paint stores. Call Dumond Chemicals in New Jersey at (609) 655-7700 for the nearest distributor. Cost will depend upon substrate and conditions to be cleaned. This product has an average coverage of between 100/125 sq. feet per gallon.
- Health & Safety Requirements:** Corrosive liquid. Eye, skin and mucous membrane irritant. Contains fluorogens, which may be fatal if swallowed. Wear eye protection, rubber or latex gloves and chemical resistant footwear. KEEP OUT OF THE REACH OF CHILDREN. In case of contact with eyes, flush thoroughly with water for 15 minutes. Seek medical attention. If swallowed, drink 1/2 glasses of milk. Never give anything by mouth to an unconscious person. Do not induce vomiting. Call a physician immediately. In case of contact with skin, wash with soap and water. If irritation persists seek medical attention.
- Warranty:** Dumond Chemicals, Inc. warrants all of its products to be free from defects, and makes no other warranties with respect to its products, express or implied, including without limitation the implied warranties of MERCHANTABILITY OF FITNESS FOR PARTICULAR PURPOSE. Dumond Chemicals, Inc. liability shall be limited in all events to supplying sufficient products to re-treat the specific areas to which defective product have been applied. Dumond Chemicals, Inc. shall have no other liability, including liability for incidental, consequential or resultant damages whether due to breach of warranty or negligence. This warranty may not be modified or extended by representatives of Dumond Chemicals, Inc. or its distributors, and dealers.
