

### V. Health Hazard Data

OSHA Permissible Exposure Limit <b>See Section II</b>	ACGIH Threshold Limit Value <b>See Section II</b>
Carcinogen - NTP Program <b>No</b>	Carcinogen - IARC <b>No</b>
Symptoms of Exposure <b>Acute Effects:</b> Eyes: Vapors and/or liquids may cause irritation and blurred vision. Skin: May cause irritation. May be absorbed through the skin in harmful amounts. Inhalation: Mists and vapors may cause blurred vision, irritation mucous membranes and upper respiratory tract, headache, nausea or dizziness. Ingestion: May cause gastrointestinal irritation, abdominal pain, nausea, vomiting, diarrhea and headache. <b>Chronic Effects:</b> Prolonged skin contact may cause dermatitis. Widespread/prolonged contact may cause absorption with symptoms similar to ingestion.	
Medical Conditions Aggravated By Exposure: Individuals with chronic respiratory or skin diseases may be at risk from exposure.	
Primary Route(s) of Entry <b>Eye, skin, inhalation, ingestion</b>	
Emergency First Aid Eye: Immediately flush eyes with water for 15 minutes. Get immediate medical attention. Skin: Wash thoroughly w/soap & water. Remove contaminated clothing. Get medical attention for irritation. Inhalation: Remove to fresh air. Get immediate medical attention. Ingestion: If conscious, give 2 glasses of water. Do not induce vomiting. Get immediate medical attention.	

### IV. Reactivity Data

Stability	X	Unstable Stable	Conditions to Avoid N/A
Incompatibility Strong acids, bases, strong oxidizers, reducing agents and materials reactive with hydroxyl compounds.			
Hazardous Polymerization	X	May Occur Will Not Occur	Conditions to Avoid N/A
Hazardous Decomposition Carbon dioxide, carbon monoxide and oxides of nitrogen, aldehydes, ketones and acids.			

### VII. Environmental Protection Procedures

Spill Response Wear appropriate protective clothing. Remove ignition sources. Collect with an inert absorbent. Wash spill area with water. Prevent runoff from entering sewers or waterways. Report spills as required.
Waste Disposal Method Dispose of in accordance with all state, local and federal regulations.

### VIII. Special Protection Information

Eye Protection Chemical safety glasses/goggles required.	Skin Protection Butyl rubber gloves required.
Respiratory Protection (Specific Type) For spray application, a NIOSH approved organic vapor respirator may be used.	Ventilation Recommended Good general ventilation is usually adequate. If exposure limits are exceeded, local exhaust may be required.
Other Protection Impervious apron, boots, safety shower, eye wash as needed.	

### IX. Special Precautions

Hygienic Practices in Handling & Storage Store in a cool, well ventilated area away from oxidizers and other incompatible substances.
Work Practices Avoid eye and skin contact. Avoid breathing vapors. Wash thoroughly after handling.
Other Precautions Use only with appropriate protective equipment. Empty containers retain residue and may be hazardous.
