**Peel Away® – Black Mastic Remover**

**Tech Data Sheet**

**Product Description & Use:** Peel Away® Black Mastic Remover is a fact-acting, low odor mastic remover with superior performance when removing most types of mastics, adhesives, pastes and glues. Formulated to quickly dissolve floor mastics and adhesives with superior surfactants to allow for easy rinsing and final cleaning. Peel Away® Black Mastic Remover is a cost-effective formula and is ideal for concrete, brick, cement and other masonry substrates.

**Features & Benefits:**

- Fact-acting, low odor mastic remover with superior performance when removing most types of mastics, adhesives, pastes and glues
- Formulated to quickly dissolve floor mastics and adhesives
- Ideal for concrete, brick, cement and other masonry substrates
- Superior surfactants allow for easy rinsing and final cleaning
- Cost effective and labor-saving formula

**Limitations:** Peel Away® Black Mastic Remover may require a respirator with an organic vapor cartridge when using in an enclosed space. Peel Away® Black Mastic Remover is not intended for wooden surfaces, as it could cause damage. Peel Away® Black Mastic Remover is intended for horizontal surfaces; this product is a liquid and cannot cling to vertical surfaces.

**Test Patch:** Always perform a small inconspicuous test area on each type of substrate and paint coating prior to full application. Testing before beginning any project is the best way to ensure product effectiveness. Test patches can determine the proper dwell time and thickness to apply the product for your specific application. Failure to do a test patch can result in need for more than one application, increasing labor and material costs.

**Recommended Substrates:** Before applying to an entire substrate always do a test area. Peel Away® Black Mastic Remover is recommended for use on concrete, brick, cement, and other masonry surfaces.

**Regulatory Information:** Read and understand our Safety Data Sheet. Peel Away® Black Mastic Remover is combustible and should be kept away from sources of ignition. Avoid contact with eyes, skin, clothing and breathing in mist. Always use with adequate ventilation. Use a respirator with organic vapor cartridge when working with inadequate ventilation. When working near a furnace turn it off during use of this product.

05/2017
**Preparation:** Cover and dike walls, woodwork, drains and cracks in the area. Dumond® recommends working in 5’ X 5’ sized areas at a time. Do not allow Peel Away® Black Mastic Remover to meet an area that may absorb solvent such as woodwork or drywall.

**Surface and Air Temperatures:** To avoid product from freezing and reducing effectiveness do not use below 35° degrees Fahrenheit. For best results, use product in temperatures above 50° degrees Fahrenheit and below 90° degrees Fahrenheit. Product effectiveness is increased in warmer temperatures.

**Application & Spread Rate:** Peel Away® Black Mastic Remover can be applied with a mop or garden sprayer. Allow as little time as necessary to let Peel Away® Black Mastic Remover penetrate and soften adhesive to prevent excess penetration. Peel Away® Black Mastic Remover has a spread rate of about 225 Sq. ft. per gallon.

**Spray Application:** Pump up garden sprayer (Do not use airless spray equipment).

**Removal & Clean Up:** Use a stiff bristled broom or scrub brush to agitate over the area and scrape from the surface. More than one application may be necessary. Use a squeegee to clean up and dispose of properly. Clean surface aggressively with water and mineral spirits if necessary.

**Best Practices:**
- Always test each type of adhesive for efficacy, dwell times and removal methods
- Turn off furnace when working with this product
- Read and understand the Safety Data Sheets
- Work in areas with adequate ventilation
- Wear respirator when required
- Emptied containers can retain product residue and vapors, do not reuse
- Dispose of all waste in accordance to your local regulations

**Availability & Cost:** Dumond® Chemicals products are available through a nationwide network of paint stores, hardware stores and safety supply distributors. For outlet nearest you please visit [www.dumondchemicals.com](http://www.dumondchemicals.com) once on the website type your zip code or postal code into the dealer locator to find addresses and phone numbers of your nearest dealer.

**Health & Safety Requirements:** Not for internal consumption. While Peel Away® Black Mastic Remover is formulated to be safe for the user, surface and environment, proper safety
procedures should be followed always when handling this product. Read the full label and MSDS for precautionary instructions before use.
