

## Safe n' Easy: Oil/Grease Remover

- Product Description & Use:** Safe n Easy Oil/Grease Remover is a highly concentrated cleaning product and has specifically been formulated to clean motor oil, grease and heavy soils from concrete and asphalt surfaces. This product can also be used to clean walkways, barbeque grills, lawn and playground equipment and a variety of other surfaces. This product has been engineered to actually penetrate beneath the surface into porous concrete, asphalt and masonry surfaces. It does not sit on top of surfaces like other cleaners. Usual dwell time is three (3) hours and it can be either pressure washed or hosed off. No scrubbing is required
- General Application:** Apply product liberally by spraying or brushing it onto the surface being cleaned. DO NOT DILUTE. If it is being applied to porous concrete/ asphalt surfaces allow product to remain on the surface for approximately three (3) hours. This gives it time to penetrate which will then allow the oil/grease to literally be driven up and out of the surface when either power washed or hosed off with water. If the product is being used to clean sealed surfaces the the dwell time could be only 15/30 minutes and this would be determined by doing test areas. No scrubbing of the treated surface is necessary.
- Test Area:** It is often impossible to know all of the conditions of the surface before cleaning. Before starting a large project it is important that a small test area be done typical of the surface to be cleaned.
- Health & Safety:** For specific information please refer to the Material Safety Data Sheet. This product is not flammable, corrosive or caustic.
- Availability & Cost:** All Dumond products are available through a network of product distributors and paint stores. Call Dumond Chemicals in New Jersey at (609) 655-7700 for the nearest distributor. Cost will depend upon substrate and conditions to be cleaned. This product has an average coverage of between 100/125 sq. feet per gallon.
- Warranty:** Dumond Chemicals warrants all of its products to be free from defects, and makes no other warranties with respect to its products, express or implied, including without limitation the implied warranties of MERCHANTABILITY OF FITNESS FOR PARTICULAR PURPOSE. Dumond Chemicals Inc. liability shall be limited in all events to supplying sufficient products to re-treat the specific areas to which defective product has been applied. Dumond Chemicals shall have no other liability, including liability for incidental, consequential or resultant damages whether due to breach of warranty or negligence. This warranty may not be modified or extended by representative of Dumond Chemicals or its distributors and desires.
- Maintenance:** No special service of the treated area is required following the cleaning process. No maintenance is required for the Dumond Products.
- Technical Services:** Dumond Chemicals employs a complete staff of customer service representatives for response to any questions from end users and contractors. We also employ a staff of trained sales and field customer service personnel for on site testing and application assistance. Please call our New Jersey office for any assistance required.
